

AN ORDINANCE TO PREVENT POLLUTION OF CERTAIN  
WATERS IN THE TOWN OF WEST GREENWICH

ADOPTED AUGUST 27, 1921

Section 1. No person shall throw or discharge or suffer to be thrown or discharged into any well, spring, brook, lake, pond, reservoir or stream within this town, which waters are used as a source of water supply for drinking purposes, or into any known tributary, or feed thereof, any refuse or other noxious matter, tending to pollute or corrupt the purity of the waters thereof or tending to render the same injurious to health.

Section 2. No person shall bathe or wash in any well, spring, brook, lake, pond, reservoir or stream within this Town, whose waters are used as a source of public water supply for drinking purposes, directly, supplying pipes leading from said source, nor shall they in any manner commit any act tending to pollute or corrupt the purity thereof.

Section 3. Any person violating any of the provisions of this Ordinance shall pay a fine of not less than five nor more than twenty dollars for each offense.

This Ordinance shall take effect on and after its passage.
