

Passed February 13, 1974

ORDINANCE RELATING TO WIDTH OF HIGHWAYS

1. No utility pole, telephone booth, traffic control device or sign or any other object or improvement, excepting only mail boxes and newspaper delivery containers shall be hereafter erected within the Town of West Greenwich closer than 20' from the center line of the adjoining road, street or highway.

2. No such improvement shall be erected within the Town of West Greenwich without there first having been submitted to the Town Council an application for the erection of such improvement and affirmative action by the Town Council thereon. The Town Council may in its discretion, request the Road Supervisor to inspect the site and submit a report prior to action by the Town Council upon the application.

3. Such application shall be upon a form prescribed by or satisfactory to the Town Council, and shall contain, in addition to all other facts as are required by the Town Council from time to time, a map or sketch giving dimensions sufficient to enable the Town Council to determine the distance between the object and the center line of the road, and between the object and an identifiable point or object on said road.

4. In the event that an applicant desires to install such an object or improvement in the Town of West Greenwich at a location where the road does not have a total width 40', the Town

Council may, in its discretion, grant permission to locate such object less than 20' from the center line of the road, but in such case, said pole shall be located no more than 3' from the outer boundary of said road.

5. Any person, firm or corporation which shall violate the provisions of this ordinance shall be fined not more than fifty (\$50.00) dollars for such violation.

6. This Ordinance shall take effect upon passage and all ordinances or resolutions of the Council to the contrary heretofore passed are hereby repealed and annulled.
