

A pavilion is being constructed behind the town hall. This pavilion will be used for summer concerts, movies, farmers markets and much, much more. The funding for this project comes from the Open Space and Recreation Fund which is generated through development fees and is at no cost to the tax payer.

A pathway will be constructed with engraved bricks. Residents and business owners may order personalized bricks. Each brick can have up to three (3) lines with eighteen (18) characters per line. The cost per brick is \$75 dollars.

All proceeds will be used to maintain the pavilion.

Additional forms are available at: www.wgtownri.org
